THE LAKE COUNTY TIMES

VOL. XIV, NO. 109. MONDAY, OCTOBER 25, 1920. HAMMOND, INDIANA

FOUR ARE IN HAMMOND HOSPITAL

Worst of Smash-ups Occur in
Heart of City When Fliv-
ver Runs Wild.

Four serious automobile accidents happened in the Calumet region between Saturday and Sunday nights in which seven men were seriously injured.

Four men, all seriously injured, are in St. Margaret's hospital today, the results of three automobile accidents in Hammond and vicinity Saturday night and Sunday. Reckless driving was responsible for all of the injuries but one and that death did not result in one of the accidents is considered miraculous.

HERE ARE VICTIMS.
The victims are:
M. Mandel, proprietor of a ladies' furnishing store, State street, Hammond.
Henry Chandler, Besseville.
Frank Connelley, Hammond, suddenly on recurring duty.
Eli Oslovovich, 120 Indiana Blvd., Whiting.

BESSEVILLE MAN SPEEDER.
The first accident occurred Saturday evening at the corner of Ogden and State streets, Hammond. W. A. Belman, vice president of the First National Bank, was driving south on State street. His large touring car was decorated for participation in the Fall Festival parade. As he was crossing Ogden street a Ford touring car driven by Henry Chandler of Besseville, crashed from 15th street which is the West Hammond extension of Ogden street.

HITS BELMAN MACHINE.
In the car with Chandler was Frank Connelley, a member of the permanent staff of the Hammond recruiting station, and George Hanson, a member of the Hammond police force.

The light car struck the Belman machine, knocking it about thirty feet to one side. Witnesses say that the Ford, about which had been traveling at a speed estimated at forty-five or fifty miles an hour, bounded high into the air, following the impact and came to a halt on the Indiana side of the street. Several persons whose attention had been attracted by the first crash, said they thought an aeroplane had fallen.

LIGHT CAR TOTAL WRECK.
The light car was a total wreck and its occupants suffered many bad cuts and bruises. The injuries of Chandler and Connelley were such that they were taken to the hospital for attention. Both men were doing well today and it is thought they will recover in due time.

Mr. Belman was alone in his car and escaped injuries, thanks to the weight of his machine. The car had one wheel broken and was otherwise damaged.

SECOND ACCIDENT IN WHITING.
The second accident occurred at 10:30 Saturday night at Standard and Dickey places, Whiting, when a party of joy riders crashed into a telephone pole.

Following a dance in Whiting, Eli Oslovovich, 120 Indiana Blvd., took Pat Keckich and five girls for a spin in his automobile. The girls were Katherine Edman, 700 S. Chicago, Besseville; Margaret Marks, 429 Schrage ave.; Mary and Anna Latch, 513 John st.; Elizabeth Ritsko, Steiber st.

LOSSES CONTROL OF CAR.
While traveling at a high rate of speed as they were leaving the dance subdivision, Oslovovich apparently lost control of the machine which crashed into the pole at the side of the street. The car was reduced to wreckage and the occupants were hurled to the pavement. Oslovovich is believed to have suffered a fractured skull although he had regained consciousness this morning. He also had an arm broken.

GRIS ARE INJURED.
Ketchik, Margaret Marks and Mary Latch were taken to the hospital and other girls suffered numerous cuts and bruises none of which was serious. Oslovovich was given first aid treatment by Dr. Shimp after which he was brought to the hospital. He was able to return home after being treated at the office of Dr. Rafacz.

MERCHANT IS INJURED.
M. Mandel, proprietor of the ladies' furnishing store at 101 State street, Hammond, is in the hospital as a result of a peculiar accident which occurred Sunday afternoon on Indianapolis Blvd. He has three broken ribs and three bad scalp wounds but his condition has improved greatly today. Witnesses say that how he escaped death is a mystery.

STREET WAS SLIPPERY.
Mr. Mandel was going to Chicago in his machine. On Indianapolis Blvd., he slipped over an oil slick and lost control of his machine. His own car which was coming from the west and he attempted to swing back to the pavement from the tracks after he had passed the automobile. The street was slippery from the rain and the car skidded, crashing against the front of the street car.

THROWN THROUGH WINDSHIELD.
The driver was thrown through the windshield, falling on the pavement in front of his machine. His own car which had halted an instant following the collision once more picked up speed and passing over Mr. Mandel's prostrate form, ran into the ditch. The accident occurred at a point about 200 feet east of 10th street.

THREE HURT AT HIGHLAND.
Another severe auto accident occurred at the dangerous intersection of Kline avenue and Highland on Sunday night. Three men from Laporte, Ind., sustained fractures, a fractured arm, clavicle and scalp wound. The injured men were taken to Griffith and sent by train to Laporte today.

STOLEN CAR FOUND NEAR HAMMOND
ANDERSON, Ind., Oct. 25.—An automobile stolen two weeks ago, which belonged to John H. Noland, a local merchant, was recovered Friday near Hammond, where a note asked permission of a farmer to store it over night and never returned.

MAC SWINEY IS DEAD IN THE BRIXTON JAIL TODAY

HIS FAST LASTS FOR 74 DAYS

One of Most Dramatic Episodes in Modern British History.

MILESTONES IN PRISON CAREER OF MAC SWINEY

Terence MacSwiney's prison career dates back to May, 1910, when, as one of Cork's aldermen he was arrested and deported without charge or trial to Wakefield prison in England.

Some months later he was released without explanation. He was again arrested in Feb. 1917, and again deported without trial to England.

He escaped and returned to Ireland in June, 1917. He was again arrested in November of that year and sentenced to nine months imprisonment for a seditious speech.

Because of ill health, he was released in February, 1918, only to be re-arrested the following month.

He was sent to Belfast prison to complete his sentence. His health broke down completely and he was released on September, but re-arrested shortly afterward and again deported to England without charge or trial.

In March, 1919, he was released without explanation.

Warrants for his arrest were issued in September, 1919; November, 1919; Jan., 1920, and March, 1920, but all efforts to apprehend him failed until August 12 last, when he was taken into custody while holding court in the city hall of Cork and deported to England for the fourth time.

BY WILLIAM L. MALLABAR.
STAFF CORRESPONDENT I. N. SERVICE.
LONDON, Oct. 25.—Terence MacSwiney, Sinn Féin lord mayor of Cork today gave up his life for Irish freedom. He died in Brixton jail at 5:49 o'clock after being on a hunger strike since August 12. He was unconscious when the end came. The Rev. Father Dominic, personal spiritual adviser to the lord mayor, was at the bedside. Mrs. MacSwiney, the wife, and two sisters, Mary and Annie, who had been on constant vigil at the jail for weeks, were not present.

PRIEST IS CALLED.
The Rev. Father Dominic was called in to the death ward at 4:35 o'clock when it was seen that the lord mayor was breathing his last. He awaited the end at the bedside, but was not allowed to telephone to Mrs. MacSwiney, nor to Arthur O'Brien, president of the Irish Self-Determination League. Later O'Brien was notified and made announcement of MacSwiney's death. At 10:30 o'clock the body was still lying in Brixton jail.

The government announced at 10:29 that the procedure regarding the disposition of MacSwiney's body had not yet been determined.

For nearly seventy-four days MacSwiney had refused to touch food. This was the method he took to protest against his arrest and the general treatment of Ireland by England.

FEED HIM OCT. 26.
On Wednesday Oct. 26, the doctors at Brixton jail infirmary began feeding (Continued on page two.)

LIGHTLESS TRUCK CAUSE OF BAD SMASH

A truck without lights, standing along the curb on Chicago avenue, East Chicago's main thoroughfare, was last night responsible for the fatal injury of one man and the more or less serious injury of four others when the automobile in which the five were riding crashed head-on into the heavy truck.

Tony Benkowski, who lives at 4924 Melville avenue, East Chicago, was rushed to St. Margaret's hospital at Hammond, where the doctors reported that it was impossible for him to recover. He received a fractured skull over his left eye, fractured ribs on the right side, a ruptured right lung, and lacerations on the back and right leg.

The others who were in the car and received injuries were: Joe Monczka, 612 East 11st st., owner and driver of the automobile; right hand badly cut and body bruises; Mike Zinec, 4925 Alexander avenue, body bruises; Stanley Kisel, 1389 Reading avenue, lacerations of the left leg and body bruises; Peter Buckel, 920 Melville avenue, lacerations of right leg and body bruises. All were attended by Dr. P. L. Townsend.

Monczka was driving east on Chicago avenue with dimmed headlights about eleven o'clock and had just crossed the bridge over the canal when he collided with the truck which was standing without warning lights. One half of the bridge is closed to traffic because of the work of putting in a new floor which has been in progress for the (Continued on page seven.)

What Political Leaders In Both Camps Say

BY WILL H. HAYS
(Chairman of the Republican National Committee.)
NEW YORK, Oct. 25.—Just six more working days—and fighting days, if you will—before the main contest comes, and at its close victory for Harding and Coolidge and the Republican party.

There is nothing in this late day of the campaign to make anyone wish to change a single one of the prophecies which have been made of republican victory. The conflict has been getting stronger day by day, until now it is unbreakable, that the voters of the U. S. American men and women, will, on Nov. 2, do their duty at the polls, and this year their unquestionable duty means the election of the standard-bearers of the republican party.

The campaigns of the republicans and of the democrats have been conducted on two different levels, the former on a higher plane, and the latter on a distinctly lower plane.

The campaigns of the republicans largely have indulged in charges of various kinds against their opponents which not only could not be proved, because they had no foundation in fact, but which finally both Mr. Cox and Mr. Roosevelt had to drop, because they saw the futility of further pursuing a course which simply was alienating all friends they had.

The republicans have conducted their campaign on what might be called a "plan of issues." The people understand issues, and they understand facts when they are presented. Their verdict will be given at the polls Nov. 2 and it will be in behalf of Harding and Coolidge.

G. O. P. Work Practically Finished

Senator Harding Remains at Marion Until Wednesday When He Speaks

BY GEORGE R. HOLMES
STAFF CORRESPONDENT I. N. SERVICE.
MARION, O., Oct. 25.—Senator Warren G. Harding, entered today the final week of the campaign with his labors practically finished.

While his democratic opponent, Gov. Cox, is busily campaigning, Senator Harding remains quietly here at Marion until Wednesday when he begins the final four day contest for Ohio. The speeches which the senator will deliver at Cleveland, Akron, Cincinnati and Columbus are nearly finished. The finishing touches will be put on them today and tomorrow and rest of the time the senator will devote to clearing up correspondence with which, because of previous speaking trips, he is somewhat behind.

Senator Harding will return from the (Continued on page seven.)

Cox Joyful Over Reports Of Victory

Democrats Claim 214 Votes to G. O. P.'s 164 With 3 States Doubtful

BY HARRY L. ROGERS
STAFF CORRESPONDENT I. N. SERVICE.
EN ROUTE WITH GOV. COX, BINTON, Va., Oct. 25.—Jubilant over reports received from Chairman White and Ed H. Moore, Gov. James M. Cox started today on his home stretch drive through West Virginia, Ohio and Indiana, confident that his latest and most definite statement of position with regard to Article X of the league of nations will prove his most useful weapon in the mop-up work he purposes to do during the week remaining before election.

Though Gov. Cox insists there is nothing in the proposed reservation in Article X enunciated at Madison Square Garden which he has not freely implied before, his advisers trust that it is the clearest, most convincing and most comprehensive definition he has yet made on the subject, and he will hammer at it until his campaign ends in Toledo one week from today.

This position pledges Gov. Cox to "accept any reservations stating..." (Continued on page seven.)

22 KILLED IN S. AFRICAN BATTLE

LONDON, Oct. 25.—Twenty-two persons were killed at Fort Elizabeth, Cape Colony, South Africa, in a battle between civilians and police, said a News Agency dispatch from that city today.

Disorders followed the arrest of President Masababala of the Native Workers organization. The police station was attacked and an attempt made to destroy the electric power and patrol stations.

ALEXANDER VERY LOW

LONDON, Oct. 25.—King Alexander of Greece, who contracted blood poisoning from the bite of a monkey, spent a disturbed and restless night and was delirious part of the night, said an Exchange Telegraph dispatch from Athens dated Sunday. Consecration of the lungs has extended.

WANTED.—Compositor, must be steady and reliable. Times, Hammond, 10-25

FESTIVAL IN BLAZE OF GLORY

Monster Pageant Excels Anything Ever Before Attempted In Lake County.

The Greater Hammond 1920 Fall Festival came to a close Saturday night mid many of the most spectacular scenes ever witnessed on an occasion of this kind.

The pageant which started at 7:30 and took one hour and thirty minutes to pass was a credit to the community and especially to those who spent so much time decorating their cars and wagons for the occasion. The labor unions and fraternal societies turned out in such numbers that after all was over, everybody was of the opinion that this was the greatest pageant ever witnessed in the Calumet region. As the pageant moved south on Calumet avenue passing the reviewing stand at the Industrial high school building the judges were to select the prize winners made their choice.

The judges were V. S. Reiter, C. E. Greenwald, E. Miles Norton, Martin Smith and Walter Hardy. The judges announced their decision as follows:

Most beautifully decorated car, Arthur Schultz.

The largest number of men in line, G. H. Fellows.

The most representative of business, Monochord Oil Company.

Each of the prize winners will be presented with a large silver cup. These prizes are now on exhibition in Silver's jewelry store on State street.

After the parade the free show was put on at the Industrial high school grounds and it is estimated that at least 25,000 people saw this. Several free numbers were added to the program which was enjoyed by everybody.

The Theatre & Duffield company put on a spectacular fire works display. After the fire works there were about eight bands scattered along Calumet avenue at street intersections to play for street dancing. The dancing varied from the latest jazz steps to the old fashioned waltz. People participated in this until past the midnight hour when they slowly wended their way home, tired after three days of fun. The one expression was heard on all sides the hope that this would be an annual affair.

The committee in charge of this affair feels very much gratified and desires to express thanks to the people for the manner in which they responded.

The Grand Central Piano company estimates that 30,000 people visited the tent in which the singing contest was conducted. The prize, a phonograph, was won by Mrs. F. G. F. of the Industrial high school. She received 100 votes.

The winners of the prizes given by the Northern States Life Insurance company with the numbers were as follows: 1st prize, Mrs. 219 Lewis street, Hammond, safety razor, \$18. Mrs. C. McCallan, 432 Eaton street, Hammond, 10 pound ham, \$2. Mrs. C. A. Spencer, 1008 14th street, East Chicago, 5 bushels of potatoes, \$5. A. Larson, 125 Chicago avenue, Hammond, umbrella, \$20. C. Penney, 162 Indiana avenue, Hammond, box of cigars, \$10. Mrs. F. Wolf, 414 Duane st. street, Hammond, gold pencil. The winners are urged to present their coupons at once at the office. In addition to these prizes the company presented the ladies with over 600 pretty hats. Over 2,000 registered at the booth.

The Hammond Auto Paint & Top company announced that the number which won the Ford automobile was 600. This number has not been claimed as yet.

The gold watch given away by the State Bank of Hammond went to Mrs. L. J. Schaefer, 549 Shelby street. Her number was 498.

The Metropolitan Life Insurance company maintained an educational booth giving away thousands of pamphlets on right living. At that time for her work, during the summer of 1917 Mrs. Gordon was in charge of the young people's work at the Lincoln Neb. chautauque. She is a very witty and interesting speaker and puts her points forcefully.

RAIN MARS CORNER STONE LAYING SUNDAY

In spite of the rain which set in early and continued all afternoon, the exercises commemorating the laying of the corner stone of the new St. Paul's church and parish home at Erie and Eaton streets, Hammond, were carried out yesterday.

The ceremony was delayed about half an hour in the hope that the weather would change, but when those in charge saw that it was useless to wait they opened the program and went right through regardless of the weather. Over a score of automobiles protected part of the crowd and others stood under umbrellas while the work was carried on.

Music was furnished by the St. Paul's Lutheran church choir and a chorus of pupils of the school. Addresses were made by Rev. W. Brauer, pastor of the north Hammond church and Rev. H. Mackensen, pastor of Trinity Lutheran church. Rev. W. P. Litchstein, pastor of St. Paul's church conducted the formal exercises of laying the stone.

MARSHALL CAMPAIGNING IN LAKE COUNTY TODAY

Thomas R. Marshall.

Vice President Thomas R. Marshall, Indiana's favorite son, is campaigning in Lake County today. He speaks at the Lyric theater, East Chicago, this afternoon at 7:30 p. m. and will be the principal speaker in a monster rally in Hammond tonight at 8:00 p. m. Holman and Logan streets. Mrs. Kellogg Fairbanks of Chicago, an excellent speaker, is also billed for tonight's meeting and Hammond women should turn out in large numbers as Mrs. Kellogg makes a fine address and is a powerful speaker. Dr. William D. Weil will be the chairman of the Hammond chapter of the League of Women Voters.

LIVELY EVE PLANNED FOR HAMMOND

Hammond will pass through several lively hours this evening with both the democrats and republicans holding meetings. Both groups are planning street demonstrations so there should be plenty of red fire and noise. The republicans have the famous Harding locomotive special touring the county today, accompanied by the unique car of the county candidates. The special, which leaves Hammond this evening at 8 o'clock, is a free moving picture show will be given in the open air in front of the court house. The special carries with it a reel entitled "The Right Road" and is a picture lecture on the League of Nations.

A well known trio will also furnish vocal music for this meeting. The vocal voters of the city will meet at the court house while the women will hold a meeting at the republican headquarters. Both meetings will open at 8 o'clock.

The speaker at the women's meeting will be Mrs. Edna Thomas Gordon of Ottumwa, Ia. Mrs. Gordon has recently been added to the list of National republican speakers. She is a graduate of Northwestern university and has for several seasons been on the Lyceum and has taught in the playgrounds of Ottumwa. She was one of the Liberty loan speakers and obtained much prominence at that time for her work. During the summer of 1917 Mrs. Gordon was in charge of the young people's work at the Lincoln Neb. chautauque. She is a very witty and interesting speaker and puts her points forcefully.

WANT BODY TO LIE IN STATE

LONDON, Oct. 25.—The MacSwiney family appealed to the home office for permission to allow the body to lie in state in Southwark cathedral. Up to noon no reply had been given to this request, but it was generally believed it would be refused.

Throughout the entire morning Scotland Yard continued to mass police reinforcements about the place, but there was no attempt at violence. A small crowd gathered, but most of time for her work, during the summer of 1917 Mrs. Gordon was in charge of the young people's work at the Lincoln Neb. chautauque. She is a very witty and interesting speaker and puts her points forcefully.

WHEN IS A "STILL NOT A STILL"

When a "moonshine still" is still warm after it has been taken apart is the result, said to be only satirical jesters.

For the best answers, the dairy police department offers some handsome prizes. Get your solutions in early and win a rubber monkey wrench.
